LEGENDARY HEILIGENBLUT .

When snowflakes blanket the legendary mountain village of Heiligenblut in a thick, white layer and transform the surrounding mountain world with the highest mountain in Austria, Grossglockner, into a winter wonderland, it heralds the start of a very special season! The Grossglockner/Heiligenblut ski resort, up to 2900 metres in altitude, with its wide carving pistes and pristine slopes with deep snow, brings you closer to skiing heaven on earth!
And when a glittering canopy of stars spreads over Heiligenblut at night, you will be dreaming by a crackling fire of cosy holiday days full of winter magic!

SKI + PLUS Enrich your skiing holiday with magical moments:

Experience the mystical of the wintery national park with magical experiences away from the pistes with deep snow, such as a glittering starry night or a snow shoe tour on the trail of ibexes.

SKI + PLUS MYSTICAL MOMENTS

ENRICH YOUR SKIING HOLIDAY WITH MAGICAL EXPERIENCES

with the "mystical moments" all around the legendary mountain village of Heiligenblut at Grossglockner, on a snow shoe tour on the trail of ibexes in the national park, during a sparkling starry night, or on a contemplative visit to the world-famous pilgrimage church.

In a sparkling winter wonder land...

OBSERVING IBEXES

Guided snow shoe tour on the trail of ibexes Observing wild animals requires knowledge of how they live. On our snow shoe hike we are guided by national park gamekeepers through the habitat of ibexes, bearded vultures, stone eagles, snow grouses and chamois.

WINTER HIKING

Discover the fabulous winter landscape all around Heiligenblut and Grossglockner on seven wonderful winter hiking trails. From a leisurely walk all around the village to a breathtaking climb up to a peak in the midst of the skiing area..

THE HEILIGENBLUT LEGEND

The late Gothic pilgrimage church at Heiligenblut with its golden winged altar holds many mystical secrets. One of them is the legend of Heiligenblut: how the blood of Christ got to this special place at the foot of Grossglockner.

STARRY NIGHT

Observing stars on the Schareck peak (2600m) always fascinated people to look into the depths of the universe – into an endless sea of stars. At our observatory, high above Heiligenblut at the peak of Schareck, you will experience a starry night that is second to none in Central Europe – away from all artificial light sources.

ICE CLIMBING

Brave the vertical – evening ice climbing trial in the glittering ice climbing garden with the legendary mountain guides of Heiligenblut. Experience the magical feeling of vertical climbing in safety and under instruction!

FREERIDE-ARENA

Exhilarating deep snow – seven freeride sectors and four safe and signposted skiing routes with up to 1500 metres of altitude difference await deep-snow skiers. Entrust yourself to the legendary skiing and mountain guides of Heiligenblut!
NEW: the Freeride Map Hohe Tauern Select and the freeride checkpoint in the ski resort.
